

fmm puzzle

Across

- 6. contact between gas and liquid
- 8. system approach for fluids
- 9. whose viscosity directly proportional to temperature
- 10. control volume approach for fluids
- 12. Capillarity rise
- 13. Non-Newtonian fluid

Down

- 1. law governs the pressure distribution
- 2. capillarity fall
- 3. simple device used for measuring the pressure
- 4. fluid with no viscosity
- 5. device used for measuring the pressure
- 7. whose viscosity indirectly proportional to temperature
- 11. Viscosity law given by
