

Types of Motivation and Its Effects on Work Behavior

Welcome to Unit 5: Leadership and Power! We're going to explore a key aspect of leadership: understanding motivation and how it influences team performance.

Recap: Leadership and Power

Leadership Styles

We previously discussed different leadership styles, including transformational, transactional, and laissezfaire.

Power Dynamics

We examined various types of power, such as legitimate, reward, coercive, expert, and referent power.

Guess the Topic: Motivation

What drives people?

What factors encourage individuals to achieve goals?

How do we tap into it?

What strategies can leaders use to motivate their teams?

Intrinsic vs. Extrinsic Motivation

Intrinsic

Driven by internal factors, like satisfaction, accomplishment, and personal growth.

Extrinsic

Driven by external factors, like rewards, recognition, and pressure from others.

Maslow's Hierarchy of Needs

Self-Actualization

Herzberg's Two-Factor Theory

Hygiene Factors

Prevent dissatisfaction but don't motivate, like salary, job security, and working conditions.

Motivators

Drive job satisfaction and performance, like achievement, recognition, and growth opportunities.

Real-Life Case Study: Motivating a Diverse Team

$\overset{\circ}{\sim}$

Team Building

A company implemented team building activities to improve communication and collaboration.

Clear Goals

They established clear goals and performance metrics for each team member.

Feedback

Regular feedback and recognition were provided to acknowledge individual contributions.
