LOGICAL SEQUENCE OF WORDS

A logical sequence of words refers to the arrangement of a set of words in a specific order that makes sense based on their relationship to one another. This relationship can be based on various factors, such as:

- **Chronological order:** Arranging events in the order they occur in time.
- **Spatial order:** Arranging objects or places based on their physical location.
- **Hierarchical order:** Arranging items based on their level of importance or authority.
- **Causal order:** Arranging events based on cause and effect.
- **Conceptual order:** Arranging ideas or concepts based on their logical progression.

Exercise: Rearrange and Number

Here's an exercise to test your understanding of logical word sequences:

Instructions:

Rearrange the following words in a logical order and number them accordingly.

- **Words:** Building, Foundation, Roof, Walls, Paint

Solution:

1. Foundation
2. Walls
3. Roof
4. Building
5. Paint

Explanation:

The logical order for building a house is:

1. **Foundation:** The base upon which the structure rests.
2. **Walls:** The vertical structures that form the sides of the building.
3. **Roof:** The covering that protects the building from the elements.
4. **Building:** The complete structure.
5. **Paint:** The final decorative or protective layer.
